## TOWN WARRANT

To the Inhabitants of the Town of Hinsdale qualified to vote on Town affairs:

You are hereby notified to meet at the Town Hall, on Tuesday, the 13th day of March, 1956, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To cast your ballots for all necessary town officers.

Article 1A. To see if the provisions of Chapter 171-A of the Revised Laws relative to playing games of beano shall be adopted in this town.

Article 2. To cast your ballots for the election of delegates, and alternate delegates; delegates at large, and alternate delegates at large to the National Convention of the various political parties to be held to nominate party candidates for President and Vice-President of the United States.

(Polls are open on the above articles from 9:00 A. M. to 6:00 P. M.)

Action will be taken on the following articles beginning at 9:30 A. M.

Article 3. To see if the Town will vote to accept and adopt the report of the Selectmen, auditors and other town officers.

Article 4. To see how much money the town will vote to raise and appropriate for the payment of ordinary town charges, for the maintenance of the fire department, for highways, and for all other necessary expenses arising within the town. (\*See Budget)

Article 5. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum or sums not exceeding in the aggregate \$50,000.00 in anticipation of the collection of taxes for the current municipal year, and to issue in the name and on the credit of the Town negotiable notes therefor, said notes to be repaid during the current municipal year from taxes collected within the current municipal year.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$393.02 to which the State will contribute \$2,620.15 to be expended on Class 5 roads. (Town Road Aid)

Article 7. To see if the Town will vote to install and maintain a street light on Spring Street on Pole No. 5 in the vicinity of a house owned by Mrs. Mary Rubeor, or act in any manner thereon.

Article 8. To see if the town will authorize the selectmen to borrow on the credit of the town a sum not to exceed \$19,500 to be repaid in four yearly installments, to extend the water system beginning at the end of the line on Prospect Street and extending to the end of the present system at the Elementary School and install hydrants where needed, or act in any manner thereon.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to purchase two mobile radio sets and one base unit, for the fire department to which the Civil Defense will add \$1,000.00 as their contribution, or act in any manner thereon.

Article 10. To see if the Town will vote to raise and appropriate a sum of money for a drinking fountain and two settees on Jackwood Park or act in any manner thereon.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to pay for graveling and oiling the lower road on Cream Pot Hill from the Leslie Howe residence in an Easterly direction, or act in any manner thereon.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 to purchase a new truck to replace the present truck now used by the Highway Department or act in any manner thereon.

Article 13. To see if the Town will vote to transfer a part of the recreation grounds so called, on the Brattleboro Road, to the School District, as a site for the proposed addition to the Elementary School Building, namely, a rectangular plot of land directly north of the present school building; the westerly side being the present fence, the easterly side the north-south roadway across the playground, a distance of one hundred twenty-five feet (125') northerly, or act in any manner thereon.

Article 14. To see if the Town will raise and appropriate a sufficient sum of money to lay out and build a road from Ernest Nolin's and Richard Butler's residence to the Plain Road or Brattleboro Road, or act in any manner thereon.

Article 15. To see if the town will vote to continue the planning board.

A. To see if the members will be chosen at the annual town meeting and the board serve in an advisory capacity only, or be organized according to New Hampshire Statute.

B. To see if the town will raise and appropriate the sum of five-hundred dollars to be used by the planning board for the necessary purchase of maps, office supplies, and for other expenses.

Article 16. To transact any other business that may legally come before this meeting.

Given under our hands and seal in said Hinsdale this 15th day of February, 1956.

J. DAVID DUGGAN,  
CLIFFORD D. STEARNS,  
RICHARD P. ROUILLARD,  
Selectmen of Hinsdale.

## PUBLIC HEALTH NURSE

---

The following is my report for the period between January 1, 1955 and December 31, 1955.

No. of cases were:

Non-communicable	645
Communicable	89

Of these were:

Infant	22
Preschool	42
School	568
Adult	98
Crippled children	17
Tuberculosis, to clinics	22
Prenatal	6
Newborn	9
Postnatal	1
Health services	21

The total No. of field visits were	1,417
Office visits	267
Cases admitted	440
Cases discharged	451

In April the first of three toxoid clinics was held in the community room. The attending physicians at these clinics were, Dr. Edmond LaChaine and Dr. John Doyle. The following received toxoid shots: infants 5, preschool 41, school 19. 25 children also received vaccinations.

My report of school activity follows:

There were 180 days when school children received attention. The number of children seen at different times were, 4,316 at school and 243 at home.

The following cases were:

Pediculosis	24
Impetigo	10

Chicken Pox	2
Infectious Hepatitis	55
Ringworm of Scalp	1
Measles	48
First Aid	43
To Orthopedic Clinics	9
To Tuberculosis Clinics	14

Regular inspections were made for pediculosis and ring worm of the scalp. Children and school personnel were taken to 4 tuberculosis clinics and children to 5 orthopedic clinics. Transporting to a Tumor Clinic and 2 Mental Hygiene Clinics was done.

An inspection was made in January for impetigo.

In April, the patch test for tuberculosis was given 389 children in the elementary and high schools.

In April and May, Conferences were attended and preparations were made for the Polio Vaccine Clinic, which was finally held in Winchester on May 25, with 74 children receiving their first inoculations. On October 13th 64 children went to Winchester for their second inoculations.

The annual Physical Examination of school children was done in the fall, with Dr. Edmond LaChaine as Physician. The following defects were found.

Enlarged or Deceased tonsils	12
Poor Teeth	114
Nutrition	20
Heart murmur	4
Asthma	1

Hearing tests were given 244 pupils, with 6 having some hearing loss.

Vision tests were given 495 pupils, 56 having defective vision.

The annual school nurses meeting in October was attended.

I wish to thank everyone, for their help and cooperation given during the year.

Respectfully submitted.

GRAIS E. CHURCHILL, R. N.

## LIBRARY REPORT

---

Hours open per week	20
Total Circulation	20,694
Adult Fiction	9,819
Adult Non-fiction	1,746
Juvenile Fiction	4,603
Juvenile Non-fiction	2,970
Magazines	1,556
Average daily	70
Percent of fiction	.61

The adult circulation is lower this year, many readers being lost to television. However, we have many more children and if they were allowed as many books as they would like, the circulation would soon climb. This we cannot allow as the children are very young and many come from homes where there are younger children. These are all children who need books but not all parents watch out to see that the books are returned when due or see that they are properly cared for. Many send money for fines but we would much prefer that the books be brought back on time.

The library has been left \$5,000.00 by the will of the late Adelia M. Barrows to be known as the Leonard-Barrows Trust Fund and the interest from this fund is to be used in support of the library.

The librarian attended the Vermont-New Hampshire State Library Meetings for two months. This meeting was held at Wentworth-by-the-Sea in Portsmouth, New Hampshire.

The smallest children should not be in the reading room after supper as it is often crowded with the high school students trying to do reference work. Many young children come in to get warm and to be with others. The library is not large enough for these young children who should be in their own homes. They should come in during the afternoon hours.

We have very few troublesome children but one or two can disrupt the whole reading room and although we dislike doing it, these children must be denied the use of the library until such a time as they can learn to use the library in the proper manner.

There are many books lost every year. Have you one belonging to the Hinsdale Public Library? Remember, someone else may be waiting to read it.

Respectfully submitted,  
 LUELLA M. C. STREETER,  
 Librarian.

## REPORT OF THE HINSDALE PLANNING BOARD

The Hinsdale Planning Board held its organization meeting Tuesday, April 5th, 1955. Theodore Waite was elected chairman and Earl Clark, secretary. Mr. Clifford Stearns, Chairman of the Board of Selectmen, was present at this meeting. After discussing the powers of planning boards, it was decided that the planning board would assist the selectmen by making recommendations on various problems that might confront them during the year.

During the past year the planning board was asked by the Board of Selectmen to make recommendations on the acceptance of streets and roads and also on parking problems. The planning board, of its own initiative, took up the matter of town ordinances, removal of trees, and the scattering of waste paper over various streets in the town.

The recommendations of the planning board have been either partially carried out, completed, or are awaiting further study by the selectmen before being carried out.

The planning board was fortunate in having Mr. Edward Ellingwood, a member of the Peterborough Planning Board, discuss with us his experience as a member of a planning board and former member of the New Hampshire State Development Commission. He advised us on some of the objectives of planning boards and how to obtain help from the State Planning Board to acquire maps that would be necessary if we were to work out a master plan for development of the whole town.

The board regretfully accepted the resignation of Mr. Harold Weeks shortly after being organized, and at its last meeting regretfully accepted the resignation of Theodore Waite, chairman.

At the last meeting of the planning board, held February 7th, Earl Clark was named chairman to succeed Theodore Waite. It was decided at this meeting to insert an article in the Town Warrant so that it could be determined whether or not the voters wish to continue the planning board, and, if so, whether they would be chosen at the meeting or would be organized under the State Law of New Hampshire and be appointed by the selectmen. The board discussed with two of the selectmen the increasing duties and complexities of town government. The board expressed its willingness to cooperate with the Board of Selectmen in working out these problems if the voters did decide to have the board continue at the annual town meeting.

The seven remaining members of the board are Henry Northup, Jackson Tupper, Henry Crosby, Edward McCormick, Prentiss Taylor, Russell Garfield, and Earl Clark.

### SCHOOL WARRANT

To the inhabitants of the School District in the town of Hinsdale qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the tenth day of March 1956, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing year.
4. To choose a member of the School Board for the ensuing three years.
5. To choose a Treasurer for the ensuing year.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To hear the report of the school planning committee and to see if the district will vote to retain the present committee and instruct it to continue the study of the problem of school housing for Hinsdale, or take any action thereon.

10. To see if the district will authorize the school board to accept a deed from the Town of Hinsdale conveying part of the playground lot adjacent to the present elementary building.

11. To see if the district will authorize the school board, acting with the school planning committee, to have plans and specifications prepared for the construction of an addition to the present elementary school building and appropriate the sum of four thousand five hundred dollars (\$4,500) for the preparation of such plans and specifications.

12. To see what sum of money the district will raise and appropriate for the purpose of erecting an addition to the present elementary school building and equipping and furnishing the same; and in order to provide such funds to authorize the school board to issue and sell notes or bonds in the name of and on the credit of the district under and in accordance with the provisions of the Municipal Finance Act and any amendments relating thereto; and to delegate to the school board authority to fix the time and place of payment of the principal and interest of said notes and bonds, the interest thereon, and the principal amount of each note or bond, and to sell the notes or bonds, and to take such other action with respect thereto as may be necessary or advisable.

13. If Article 12 is adopted, to see if the district will authorize the school board to execute any and all contracts or agreements necessary, proper and advisable in connection with the construction of an addition to the elementary school building and for the purchase of equipment and furnishings for the same, or take any action thereon.

14. If Article 12 is adopted, to see what sum of money the district will raise and appropriate for the purpose of paying the principal and interest during the school year 1956-57 on

the loan for the addition to the elementary school or act in any other manner thereon.

15. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.

Given under our hands at said Hinsdale, this fifteenth day of February 1956.

### REPORT OF SCHOOL PLANNING COMMITTEE

Your School Planning Committee consisting of five members as appointed at the School District Meeting in March, 1955, namely Mr. Roland O'Neal, Mr. Paul Chamberlin, Mrs. Marjorie Zavorotny, Mr. Edmund Bousquet and Mrs. Kay Sprague, have met on eight different occasions since that time for the purpose of studying the needs of our young people, and how to provide for these needs in the best interests of the Town, both now and in the future.

The School Board have met with us each time, with one exception, and have been very helpful. Mr. Lees and Mr. Girardin have also been with us on every occasion.

We first met soon after the School Meeting, March 19, 1955, to talk the situation over. We toured the High School, and with potential enrollments, we could plainly understand that the present building is entirely inadequate for a junior-

senior high school. We could not feature adding on to the old high school building, and finally decided that construction at the present elementary school site was the answer, as the building now in existence is so constructed that this is entirely possible.

We realize that a junior-senior high school set-up is ideal, in view of the Shop and Home Economics facilities. However, the buildings are not too far removed so that these junior high students may still take these subjects.

With this thought in mind, we met again May 3 at the Elementary School and went outside and looked over the grounds to the North and tried to picture how a one—a two—or a three-story building would look, and which would best serve our purposes.

This was a long session and we discussed the size of rooms needed and it seems a 24' x 36' room is ideal. Using the table of prospective enrollments, it appears as though we will have to have a split first, second and third grade, therefore an addition of six such class rooms. We realized at this time that we not only have a high school housing problem, but an elementary school one also. We also feel that the present plumbing and heating system is adequate to take care of these additional rooms.

We adjourned with our thoughts turned to an invitation extended to a couple of architects to meet with us as soon as possible.

On September 19th, Mr. Paul Farnum of the State Department of Education met with us. We felt we needed to know more just what the trends in Education and building needs were. Mr. Farnum indicated that a good job can be done with any combination of grades; the combination has to be decided upon by the individual school system in relation to their building space and teaching staff. He seemed in accordance with our plans to date and felt that our proposal was a temporary adjustment which can be used as a long-range plan also. Mr. Farnum indicated that 20% of the payment of any one year towards new buildings would be contributed by the State Gov-

ernment if built by one township, however, if a group of towns put up a building, 40% of each annual payment would be contributed under the present incentive program.

He discussed with us the meaning of equalized valuation and indicated that we have a borrowing margin of \$223,000.

We met again November 6 with Mr. John Holbrook, Architect, from Keene. Mr. Holbrook presented two sets of plans; one following along the original outline of the present building, the other with rooms all on one floor. They were very clear plans and he gave us estimates from a construction company.

On December 11, 1955, we met with Mr. Granger, of Granger Associates of Hanover, New Hampshire. Mr. Granger laid out the plans of our present building and sketched different types of additions for us. This is the architect who drew plans for the present building. He seemed to favor the three-floor plan and estimated a cost of \$15,000 per room. At the request of the committee he sketched a two-story building, with the addition of an all-purpose room. We decided at this meeting to choose our architect when we should meet again.

On December 28, 1955, we met for this purpose and as all members of the school board were unable to be present we postponed a decision.

On January 8, 1956, the majority of those present voted to appoint Mr. Holbrook of Keene as our architect to draw up a brochure and plans for an addition.

January 15, 1956, we met with Mr. Holbrook and acquainted him with our planning to date. The plan approved by the School Planning Committee and School Board consists of six classrooms and an all-purpose room on two floors. The all-purpose room can be converted into two classrooms in the future, if needed. This will provide adequate classroom space for grades, kindergarten through the eighth. The entire top floor of the present building will be used for the seventh and eighth grades. We feel that this is a time to build a loading platform under which the buses can take on and leave off pupils. There

appears to be space which can be well utilized as a teachers' room (the present room is serving a dual purpose of teachers' room and nurse's room) and also space for a music instruction room, and a fire escape on the north side.

Thought was given to the type of ventilating unit we might use, the type of lighting, etc.

On January 29, 1956, we met again with Mr. Holbrook. He came with his plans drawn and we indicated we wanted the all-purpose room downstairs on the front and he complied and indicated he would meet with us again February 15 at which time he will have his sketches ready which we can bring before the PTA meeting for discussion on March 8. We do hope that there will be a good representation of the Townspeople at this meeting so that we may clear up any doubtful recommendations, and when our recommendations come before the School District Meeting in March, we may have served you well.

We will determine the amount of land which will be needed to be deeded to the School District by the Town in order to construct this building and provide for ample space for the bus turn-table.

We have given careful thought to the needs, which must be met somehow, and if perchance an area school is the thing of the future, this additional space will be used for the increasing enrollment of the elementary school in Hinsdale.

Respectfully submitted,

## REPORT OF THE PRINCIPAL

---

February 9, 1956

To the Superintendent of Schools:

I herewith submit my third annual report as principal of the Hinsdale Schools.

It is most pleasing to offer this report as one of progress in our educational programs. Factual evidence reveals that the academic averages of our present senior class will surpass the averages attained by the past two classes. At the moment we feel confident that no less than five members of this year's class will attain four year averages of well into the nineties. Eight members of this group are interested and hopeful of going to college. One member has already been accepted at a creditable college.

The class of 1955, with a total of nineteen members, were graduated this past June. Of this class five went on to institutions of higher learning. All were accepted without recourse to the usual College Entrance Examinations. This speaks well for our program of training.

Two members of the class of 1955 were the recipients of very substantial scholarships. One totals \$1600 and is of a competitive nature. Reports and follow-ups on all of these young people reveal that they are progressing well in their respective areas of training.

Our elementary school is increasing in members. An additional teacher will be necessary to adequately meet this pupil increase. At present we are meeting this growth satisfactorily with teacher-pupil loads slightly larger than in past years, yet well within the limits considered essential to successful teaching. Less than half of our elementary classes exceed a teacher-pupil ratio of 30 to one although I foresee an increase in the years to come.

The approved strengthening of a few of the existing policies and adoption of additional ones have aided in a more efficient operation of our elementary plant. Supplies are most adequate. In fact I believe our elementary school to be one of the best supplied schools in New Hampshire.

A much improved adherence to our recommended State Program of Study for Elementary Schools was undertaken this year. Our reading program, based on the Scott, Foresman system is being strengthened. This particular program is a most acceptable reading program as is attested to the many schools now using it. We do have reading problems and are meeting them as rapidly and as efficiently as is possible.

The elementary records reveal our Hinsdale pupils to be normally intelligent pupils, capable of achieving successfully the basic fundamentals so necessary to the more complicated and diversified programs they are so rapidly approaching.

The new member of our elementary staff has assumed her responsibility well indeed. Three of our teachers in this area have recently achieved degree status. Several others have been pursuing further courses of professional improvement thus assuring our citizens of an improved program for all children.

Our guidance program has been broadened to include evaluative work in all areas. Eventually I hope to see such progress as will warrant a full-time guidance member added to our growing teaching staff.

Having pupils scheduled for the coming year before the present year closes has alleviated many of the usual opening-day problems. This has also afforded the time necessary for a more extensive use of the testing program with very gratifying use of such results in course selection.

The splendid contributions to our visual-aid areas by the P. T. A. helped tremendously. It has been possible through careful consideration and selection to place an equally proportionate share of these many fine contributions throughout all grades.

### Reporting on Departments:

The Industrial Arts area has been most adequately equipped with many additional pieces of equipment. A new electric heavy-duty jig saw has been added as well as a new hand-sander which will aid the pupil in the finishing of his project. Related mathematics has been introduced and is integrated as a definite part of this area. Hand tools of many kinds and multiple uses were also purchased by our Board. This area of our program has been vastly improved this past year.

Domestic Science in the junior high area has been improved through reorganizing the distribution of divisions of the two grades comprising this area. Class numbers were reduced fifty percent by this move, thus providing improved teacher supervision for each girl. The high school classes in this area, two in number, are still a problem in size. The importance of young women experiencing such training cannot be discounted. For many it is vital to their future success. With the proposed solution by our School Planning Board, if adopted, much of the difficulty will be eliminated. Improved services for this area will result in behalf of our high school girls.

The English and Foreign Language areas are facing a crisis. The size of our upper grades is rapidly reaching such proportions that the successful teaching within these areas especially English, wherein all pupils are involved, will ultimately be endangered. It is also here we will be decidedly benefited by adoption of the proposed Planning Board solution. The Dramatic Club, springing from our language area, has enjoyed much success. Three 1 Act Plays were produced by pupils from all four upper grades and were well received. This small organized group provides much needed experience for our senior group, and its annual play.

Math and Science areas pose an ever-increasing problem because of the increasing diversified interests of our many pupils. These two areas are primarily developed for the college bound pupil. We need to broaden our opportunities with-

in the scope of these two basic areas and as you know, little can be done until more space is available. This can be done if affirmative action is taken in the near future.

Our Commercial Program has attracted more of our high school girls than ever before. Opportunities after high school are increasing for young people with sound commercial training. It is our good fortune to have an excellent course under competent supervision in this much desired area. Several of our recent graduates are employed in well paying jobs as a direct result of this department. Our graduates attending college report much satisfaction in their knowledge and use of the typing abilities learned while in high school.

The Athletic Program brings a favorable number of our pupils into competitive group activity. Fine relationships exist between our school and those of our friendly rivals. Considerable success was enjoyed by all sports throughout last year and there is every evidence that a banner year is in store for our present basketball squads.

New uniforms for both basketball teams were purchased from the Athletic Fund this year. A new score board was made possible through the very generous donation of the class of 1955. This has added to the enjoyment of basketball from a spectator standpoint.

Our band and chorus experienced another year of musical endeavor. The annual Christmas and Spring Concert were enjoyed by many. Several members of both band and chorus participated in the yearly All-State Music Festival held this past year in Claremont. We more than met the course credit requirement of three yearly public appearances by these two areas of our music program. One hundred and forty-seven pupils are being provided with instrumental instruction during the school day. Many of these young pupils are furnished school owned instruments purchased from the Music Fund. The purchase of over one thousand dollars worth of new musical instruments has been made from this fund. We maintain all school owned instruments with periodical repairs and cleaning as well as the purchasing of considerable music from

the Music Fund. All band and chorus trips are financed from this area. The food expenses of all pupils taking part in the All-State and New England Festivals and including all expenses of the supervisor are also taken from the Music Fund. Whenever possible, we try to pay a share of the expenses of citizens who donate their cars for the purpose of transporting pupils to any and all of our activities.

The class of 1955 experienced a most enjoyable as well as educational trip to Washington. I foresee a most serious decision having to be reached in the near future regarding such an annual expedition. Increased class size plus increased cost is fast approaching the point where the ability of a class to raise all of its expenses for such a trip will be a decided problem.

One hundred and five dollars was spent from the Elementary School Fund for athletic and general sports equipment. This was divided equally among all elementary grades. We hope to add to this area again this year.

Dr. LaChaine and Miss Grais Churchill perform an exceptional service to our pupils. All pupils were examined and medical needs brought to the attention of the parents. Physical limitations were placed in the hands of teachers for consideration when teaching. These two cooperative people are to be complimented for this by all for their respective responsibilities. The day of our school nurse cannot be measured by hours.

Our magazine drive was a success and the excellent financial return is being used to aid in defraying the cost of our athletic supplies, especially this year because of the large expenditure required for new uniforms.

The custodial and bus service we enjoy are excellent. Our elementary school shows very little wear and is a distinct pride not only to the pupils but to our community as well.

The pupils of our schools are most fortunate in enjoying the parental and friendly support of their many extra-curricu-

lar activities. The financial status of the School Activities Fund as of January 1, 1956 is as follows:

Class of '56	\$770 57
Class of '57	383 63
Class of '58	217 29
Class of '59	159 85
Class of '60	80 45
Class of '61	0 00
General Fund	230 18
Music	102 97
Athletic Association	14 84

In closing this, my third annual report, I wish to express my gratitude to the staff for their continued educational efforts in aiding and carrying out the advancement of our educational program.

I greatly appreciate the privilege of participating with those outstanding citizens of our School Planning Board in the advancement of a solution for our school housing problem. I extend my appreciation also to the School Board of this past year for their loyalty and constant unanimous support, especially in the advancement and establishment of the much needed policies resulting in the strengthening of all areas of our educational system. I am indebted also to the many fine citizens of our community and especially yourself for offering encouragement and support of what our schools are accomplishing. It is such support that has made my association with the schools of Hinsdale such a pleasant and gratifying experience.

Respectfully submitted,

ROBERT A. GIRARDIN,

Principal.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Hinsdale:

I have the honor to submit my ninth annual report.

**Teachers:** This year we have four new teachers in the high school and one new teacher in the elementary school. Mr. Claude R. Dollar, a graduate of Keene Teachers College and with two years of teaching experience, was elected as teacher of Industrial Arts. He replaced Mr. Vernon C. Dube who resigned to accept a similar position in Peterborough, New Hampshire. Mrs. Diana Rochleau, a graduate of Salem Teachers College and with three years of teaching experience, was elected to the Commercial position, vacated by Miss Jeanne F. MacKenzie who is currently teaching in Connecticut. Miss Janet L. Spear, teacher of English and languages, left us to teach in Marlboro, New Hampshire. Her place was taken by Mr. John W. McMahon, a graduate of Boston University and with five years of teaching experience.

Miss Elizabeth R. Raymond, a graduate of Keene Teachers College and with three years of teaching experience, was elected to the Home Economics position, replacing Mrs. Dorothy J. Glazier who is now teaching in Winchester, New Hampshire. When Mrs. Dorothy Chalfant moved out of town, Miss Patricia Lee, a graduate of Keene Teachers College and with five years of teaching experience, was elected as teacher in the elementary school.

It is to be noted that without exception, all of our new teachers this year have had some teaching experience. One reason for this could be the recent adoption of a salary schedule for Supervisory Union No. 25, comprising the four school districts of Hinsdale, Richmond, Swanzey and Winchester. Too often in the past, our smaller towns have been training grounds for

inexperienced teachers. Upon acquiring experience they have left us to be replaced in turn by more inexperienced teachers.

A salary schedule is helpful in securing teachers in this day of teacher shortages. When a teacher knows what he can expect to receive in a community after years of teaching there, he is more prone to stay in that community, provided the schedule is attractive enough.

The revised salary schedule for Supervisory Union No. 25 follows.

**Buildings:** In my last four reports, I have mentoned that serious thought and planning should be undertaken in connection with our high school housing. With our present system of six grades in the elementary school and six grades in the high school, our high school building becomes increasingly less adequate. Enrollments in the high school grades are rapidly approaching the building's saturation point if they have not already done so.

At the last annual school district meeting, a school planning committee was chosen to work with the school board in investigating possible plans for our schools. The two groups have held numerous joint meetings and have studied various possibilities. One such possibility was a new high school building for Hinsdale. After much deliberation, this plan was discarded for several reasons. In the first place, such an under-

taking would be too ambitious for Hinsdale's financial ability at the present time. In the second place, it is questionable if a small high school in Hinsdale is the ultimate answer to our needs. Hinsdale may wish to consider the advisability of building a cooperative high school with such towns as Winchester, Swanzey, Richmond and Chesterfield.

Adding rooms to the present high school was considered. However, this was deemed impracticable in view of eventual abandonment of the present structure. A better plan seemed to be an addition to the elementary school. Grades seven and eight could then be housed in the elementary school, leaving the upper four grades of senior high school in the high school building. Four grades could be more easily accommodated than six. Furthermore, an addition to the elementary school would be practical, since abandonment in its case is out of the question.

The following table shows the growth in enrollments by grades since the school year 1944-1945.

### Hinsdale School Enrollments

Totals	325	343	352	362	395	436	432	454	481	503	518	530		

Total enrollment in our schools has increased by over 200 pupils since the school year 1944-1945. Since the new building was opened in 1949, our total enrollment has increased by almost 100 pupils. This growth would support the wisdom of

adding to a building which will be in use for many years to come.

In both sets of tables, the high school figures are undoubtedly too high, in that they do not take into consideration the mortality rates of drop-outs, etc. Nevertheless, they serve to indicate that the present high school will be able to accommodate grades 9-12 for some time to come unless the town's population should increase beyond expectation.

Your attention is respectfully called to the separate report of the school building committee. It has been a pleasure to work with this group in its attempt to find the best solution to Hinsdale's school housing problem.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the School Building Committee, the School Board, and the patrons of our schools for their co-operation.

Respectfully submitted,  
 CHESTER C. LEES,  
 Superintendent of Schools.
